Wire rope clips

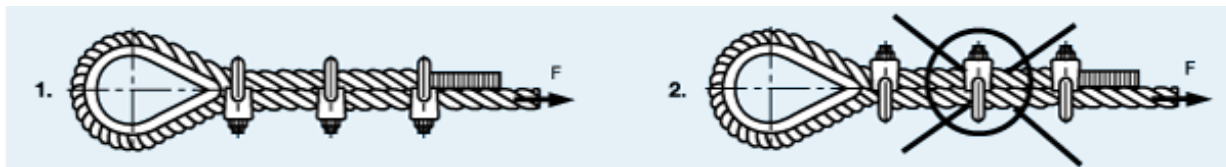

Malleable cast iron / steel

zinc plated blue

- Clamp: malleable cast iron
- Clip and nuts: steel

Wire rope clips according to DIN 741 are not suitable for safety applications. Consult DIN 1142 / EN 13411-5 for safety applications.

- 1 = correct
2 = incorrect

The clamp should always be placed on the load bearing part of the rope, whereas the clip should be placed on the dead (short) part of the rope. Clip distance = 6 x rope diameter.
